

The Golden Bookmark

VERY EASY • 6×6 • 5 DETECTIVES

1 **Carmen** was in the fifth column: only one square fits. **Row 6, column 5**, in the Reading Room.

2 **Alice** was in a corner of the Staircase. Cross out Carmen's row and column. **Row 3, column 3**, on the Staircase.

3 **Victor** can only be in the last free square. Cross out the rows and columns of Carmen and Alice. There was only one detective in the thief's area. By his card, Edward must be in column 2. **Row 4, column 1**, on the Staircase.

4 **Bruno** was next to the table. Cross out Carmen's row and column. **Row 5, column 4**, in the Reading Room.

5 **Diana** was sitting on a chair. Cross out Carmen's row and column. **Row 2, column 6**, in the Reading Room.

6 **Edward** was in the Periodicals Room. Cross out the rows and columns of Alice and Diana. **Row 1, column 2**, in the Periodicals Room.

SOLUTION

The hero is Alice. She caught Victor!
